

District 36 Needs a Workshop Chair

District 36 is looking for a motivated fellowship member who would like to step up and become the workshop chair . This chair position requires presenting workshops in the district 36 area. That requires finding the topic, securing the location and date of said workshop. Finding speakers to share on subject topic. Planning the materials and refreshments and supplies, and getting them to the workshop site. There is a lot of help from district 36 members and Area 29 has a workshop committee that can also help. Workshops increase our knowledge of the A.A. fellowship and how it works. Workshops also help the newcomers to become a part of the fellowship. Being a workshop chair is a really rewarding service position.

If you would like to be the new District 36 Workshop Committee Chair Come on out to the District 36 GSR meeting the Second Tuesday At The Hollywood Rescue Squad 6:30pm.
